i am... Suffield High School

Through the halls of Suffield High School, one would see many, many different things. Things that are not found everywhere. What school has a fish tank in the hallway, a school pony, and a scenic courtyard enclosed in the school? Not only are there physical aspects that define Suffield High School, there are also the events, students, staff, clubs, sports and much more that make up this great school. Over the past few months, a hard-working yearbook staff has been determined to capture all the aspects that make up Suffield High School. As you read through this yearbook, you will see why we are... *Suffield High School.*

i am...

diverse

Pick apart the hallways, the gym, the cafeteria, or any classroom at Suffield High School and there will be no disappointment in finding *variety* among the people. Each student and faculty member has his or her title that signifies who they are, whether it be a dancer, a wrestler, a teacher, a student on the debate team, a cheerleader, a player in the band, a golfer, or an artist. We are *diverse* individuals, but together...

we are Suffield High School.

Mark Wyse
"The variety of people at this school allows me to be friends with who I want to be."

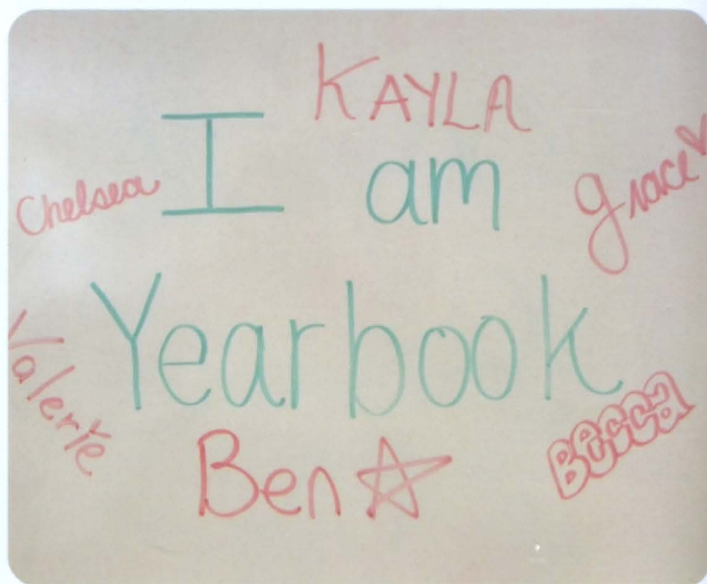

Damien Gunn
"My old school had little diversity, so coming to SHS has been a great change."

Nicole Cordiliko
"I love being unique. I'm not a follower and SHS is a perfect place for people like me."

Above Bottom: Ben Dorman is lying on the Ted Beneski field which has his name on it.

Right: Grace Presnick flashes a smile while working very hard on the sports layouts.

Right: Kayla Hale was flustered while working on the Yearbook website. Over night Jostens changed everything and we basically had to start from scratch. However the end product was spectacular.

What a whirlwind! Yearbook has been an amazing adventure from day one and also a fantastic experience for all of us. This class has brought us together. We gained a new member to our Yearbook family when we were joined by Valerie Motter. Most of us have known each other since we were in elementary school, but this experience has brought us closer and made us feel like family. On our first day we were not sure what to expect, but as we got further into the year we enjoyed the class more and more. Kayla Hale was our unofficial leader and we all went to her for guidance. Grace Presnick brought energy to the team and motivated us. Chelsea Peck was always organized and well prepared. Ben Dorman was the sassiest member of the Yearbook staff and was always making everyone laugh. Becca Tittarelli's stylish clothes made all of us look good when we did not look our best. Our late recruit, Valerie did an outstanding job considering that she did not have as much experience as everyone else. Our favorite teacher Mr. Dudeck, was with us every step of the way and made it possible for us to make this incredible book for you. *You're welcome!*

Right: Valerie Motter looks tired after a hard day of work on the Yearbook. She, along with the rest of us, was exhausted after a long hard day of editing the Yearbook.

"I loved being a part of the making of the Yearbook, it was so much fun!"
-Ben Dorman

"Nothing can compare to the magical experience of Yearbook."
-Kayla Hale

"I really enjoyed capturing the year as it went by."
-Grace Presnick

"I loved creating our class' Yearbook! All of us became a real close family."
-Chelsea Peck

"Yearbook was so much fun! I'm sad that I have to leave everyone!"
-Becca Tittarelli

"I couldn't ask for a better group of people to share the experience of Yearbook with me."

Top 5 High School Memories

1

Junior/ Senior Prom-

Every student looked forward to this exciting night filled with dancing, friends and many memories.

2

Spirit Night-

Each grade choreographed their own skit and battle it out amongst fellow Wildcats.

3

Volleyball Marathon-

Students got the chance to form teams and compete against their schoolmates in an all night event.

4

Freshman/ Sophomore Semi-Formal-

As underclassmen, we got a chance to dress up for the night and spend the night with our friends.

5

Junior/Senior Semi-Formal-

This dance gave upperclassmen an opportunity to spend time with their friends at this annual dance.

Four years may seem like a long time but here at Suffield High, time flies. As freshman we entered this school nervous, scared and completely lost. Once we got comfortable and made a home for ourselves here at SHS, it was time for Sophomore year. Sophomore year can be tough, especially CAPT week, but it all paid off because the next year we finally gained status as upperclassmen. Junior year was the time to look at colleges, take the SAT's and work hard to maintain good grades. However, Junior year was also one of the most memorable years in high school. We were able to get our drivers licenses and attend Junior/Senior Prom. These were just some of the many milestones during our Junior year. We had finally learned the ropes of high school, made tons of new friends and gained so much knowledge and experience.

After Junior year was the best year of our high school experience; Senior year. It may seem like just yesterday when we were using a school map to find our way to our next class as a freshman in this big school, but it's been an exciting four years and we were finally Seniors!

Since we were the big kids on campus, we finally earned Senior privileges. It was time for our last events here at Suffield High. The last time we would attend events such as Spirit Night, Volleyball Marathon and Prom. We were getting ready to participate in our last sports games as a part of a Suffield High team. It was time for us to secure our college plans and, before we knew it, get ready to go out into the real world.

As we prepare to face the rest of our lives, we will always remember the good times we've had here at Suffield High. The friends we've made and the memories we've created here will always be remembered. The things that we have experienced in this school have changed us forever. So as we pack our bags and

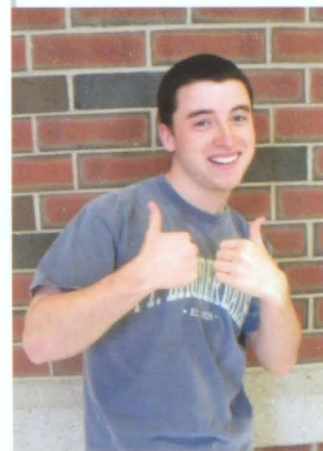

prepare to leave SHS, it's our time spent at Suffield High that we will cherish the most. And even though things change and we all go our separate ways, make new friends and try new things, we will always remember the fun we had with our fellow Wildcats;

because...i am and will always be a Wildcat.

Left: Seniors Kerstyn Basset, Bruce McKay and Kim Willet show some school spirit. They are very excited to graduate but still know how to show off their Suffield High School spirit.

"Senior year is our last hoorah with all of us together. So we need to have the time of our lives and live it up, baby!"
-Pat Lee

"Senior year has been awesome so far. I love picking my classes and participating in school activities, such as Spirit Night and Dance team."
-Taylor Piccolo

Left: As the year comes to an end, Seniors like to show pride in their graduating class. Here, a Senior decorated their car to celebrate Senior year coming to an end. As graduation approaches, the excitement grows amongst Seniors as they prepare to leave Suffield High School forever.

Right: The 600 hallway, better known as the Senior hallway, is the home of many memories. Whether we were rushing to class or chatting with friends, this hallway is more than just rows of lockers to us Seniors.

i am... shooting for perfection

class of **2011**

Sitting on the stool and facing the camera, flashing those pearly whites. All of the attention is on you. We have been going through the same picture-taking process since we were in 1st Grade. However, as a Senior, we are given the opportunity to go through a more intricate and personalized process. We are able to go to a professional photographer and take as many shots as we want until we take the absolute perfect picture. Some students even go on location and take their pictures in different environments such as by a lake or in the woods. Although the process is much more time consuming than simply sitting in the auditorium and taking one single shot, it is definitely worth it in the end.

As one of our class advisors, Mr. Casolari is a teacher the Class of 2011 will never forget. Featured above, Mr. Casolari is showing his anger and frustration at his students, like any other typical day. His favorite phrase to use when a student doesn't do their homework is, "Shameful!"

Marco Muzio has been the class president for both our Junior and Senior years of high school. He is the epitome of an organized leader. Featured above, Marco is proving his power. Also, he is known for having a huge stack of books and binders with him at all times.

Below Top: Shannon Storey and Alida Lamagna display their unique dresses. Both have patterns instead of solid colors. Patterns were very "in" this year.

Below Bottom: A group of friends arrived in style by driving to prom in a Hummer Limosine! How cool is that?! Even more exciting was the ride home when it broke down along the side of the road. Luckily they made the best of the situation.

Above: Seniors Norissa Meyer and Dylan Fields show up to prom prepared and ready to have some fun. Both of these love birds looked like royalty on this night of nights. Not only did this couple go all-out to have coordinating attire, but many other couples put in the extra effort to match perfectly.

Right: Megan Walsh, Dean Heinman, Rachel Dern, Melissa Chapman, Stephanie Fahey, Abigail Creighton, John Kopec, and a friend from Windsor Locks High School. ●●● PROM

i am... walking the red carpet

Welcome to Hollywood! On May 21, 2010, the Juniors and Seniors of Suffield High School got all dressed up to experience a taste of beauty and fame. The preparation of prom started months before. As the date drew closer, the excitement grew. Couples were formed, dresses were bought, tuxes were rented, and hair and nail appointments were made. The night of the actual event came quicker than anyone could have expected. The afternoon was occupied with finalizing every detail and taking pictures with all of your friends. After pictures the students went to The Riverview which is located in Simsbury, Connecticut. The night we had been waiting for was finally here! As the limos rolled in, the red carpet began to fill. The only thing missing was the paparazzi. After the delicious dinner was complete, the music blasted and the dancing began. The dance floor was filled until the end of the magical evening. All the Juniors and Seniors that attended this event will never forget their night in Hollywood.

Here at Suffield High school, we all represent a huge family unit. Even though we are not all related, we know the importance of looking out for one another and showing compassion. However, there do happen to be quite a few siblings that are present here at Suffield High School. Wouldn't it be great to have someone to show you the ropes as you enter your first year of school as a Freshman? These siblings know what it means to look out for one another and be a strong support system. Although being a sibling can sometimes drive you crazy, in the end it is a good feeling to know someone has your back and is with you every step of the way. There is nothing like family!

School Survival Guide

i am... a Survivor

#1

Respect your teachers.

Erializ Palacios gets help from math teacher Mr. Janick. Not only does she respect him for helping her but he respects her determination in class.

Teachers are the key to learning in high school. They provide everything you need to learn: Math, Science, English and much more. However, it can be easy to get frustrated with your teachers or think they are trying to make you fail a class. The truth is, they are only here to help you. Listen to everything they teach you during class. If you need extra help after school or before a big test, always feel free to stop by and see your teachers. They'll teach you to the best of their ability and always respect you but they must get the same respect in return. Always raise your hand during class and do your work. Respecting your teachers will help you build a bond and create a positive learning experience.

#2

Do your work.

High school is full of socializing, hanging out with your friends and having a good time. But all the social aspects can make it easy to forget your homework and tests. It is important to remember the reason you're in school; to learn! Always do your homework, pay close attention during classes and study for all your tests and quizzes. Studying is very important in high school. The work is much harder and your grades are important to get into a good college. So during your four years here at Suffield High, always remember; schoolwork first!

Ashley Condon takes time out from lunch to finish up homework. Her demanding schedule always keeps her busy, and lunch is a good time for some extra studying.

#3 Get Involved.

The best way to meet new people in high school is to get involved! If you're athletic, you can try out for one of the many sports offered at Suffield High. Whether you make it on the basketball team or the hockey team, you're bound to make new friends and get in shape. If sports isn't your thing, then join a club. Groups like Giraffe Club and Best Buddies help out the community and you can learn from the experience. School activities make your high school years even more memorable!

One way to meet new people and show your Wildcat pride is by joining a team. Elizabeth Rigby and Hannah Gardocki get involved by participating in outdoor track.

#4

Always be on time.

Kathryn Dewitt rushes to class before the final bell. Many kids have to run through the halls in order to make it to class. It's always important to make it to all your classes on time.

Five minutes may seem like plenty of time for you to get to class, but if you don't watch your time, you might end up late to class. It's also important that you make it to school on time in the morning. It is your responsibility to be in first period by 7:30 a.m. and to make it to every one of your classes in five minutes. Your school day will be perfect if you're punctual and on time! Don't forget that if you're late too often, you will get a detention.

Take challenging classes.

#6

Kimberly Heyse works hard and gets some help from Ms. Cannon. It's important to ask for help when you need it to ensure you get grades you'll be proud of.

You only have four years to learn in high school. There are so many classes you can take but so little time! Make sure you sign up for every course that interests you. It is also important to tailor your schedule to the career you want to study in college. Classes like AP Biology and AP Psychology help prepare you for college courses and give you a better understanding of the subject you are studying. Also be sure to try out some of the exciting classes Suffield High offers! Classes like Astronomy and the Business and History of Professional Baseball are now in the course selections. There are a ton of classes to choose from throughout high school, so always make sure you take all the right classes for you!

#5

Make new friends.

Neishkaly Ayala and Emily Rosa have become close friends during high school. They always make time to see each other during the day.

Here at Suffield High, it is always good to get out there and meet new people. High school is a chance to branch out. At Suffield High, we have students from towns all throughout the state. Thanks to our agriscience program students who are interested in furthering their knowledge in agriculture can do so. Your friends will carry you through each day and make your high school experience much more enjoyable. Even when you graduate and go off to college, your high school friends will still remain part of your life!

#7

Have fun.

All the other school survival tips are sure to make your high school years enjoyable, but most importantly, have fun! High school is a chance to meet new people and encounter new experiences. While it is very important to maintain your grades, you need to balance your work with fun. Get involved in Spirit Night, go to prom or sign up for the Volleyball Marathon. All of these activities will bring you closer to your fellow Wildcats. Once you graduate, you won't remember how hard Chemistry was or how much you disliked your Spanish teacher; you'll remember all the good times you had at SHS!

Paul Armata and Dunatus Correa have a good time with their friends during lunch. Lunch is your only break during the day.

Alexa Marjorie Crosby

i am... an angel

Beautiful, smart, sassy, fun, amazing. All of these words, along with hundreds of others describe Alexa Crosby. The Class of 2011 dearly misses their beloved classmate and friend. Alexa left a huge mark on our town and school and she will never be forgotten. The entire senior class along with the rest of the school had a difficult task of starting the year with such a tragedy. However they pulled through with the love and support of each other. Her family is now even closer to her friends than ever, people go over their house and invite them out to places everyday. They even attended Spirit Night, in which the seniors gave Alexa a shoutout during. Senior year was not the same without Alexa and she will never be forgotten by the entire town of Suffield.

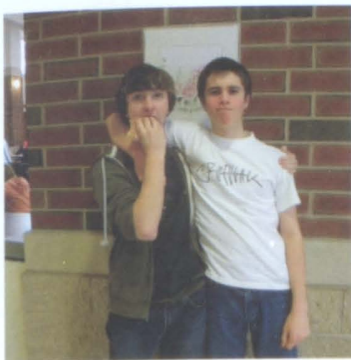

Below: One of the beautiful Senior pictures that Alexa had taken. Alexa looks absolutely gorgeous in all of the pictures.

Below: Alexa and one of her closest friends Karri Davis. Karri and Alexa new they were meant to be best friends since the first time they met.

Above: Alexa and two of her best friends, Karter Kaplan and Emily Dorman. This picture was taken during the summer before Sophomore year. The girls took a trip to the beach and they loved spending time together and being able to relax and get away from school and drama.

Underclassmen

i am... makin' my way up

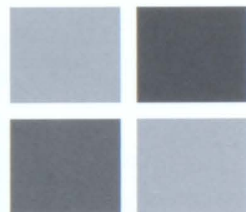

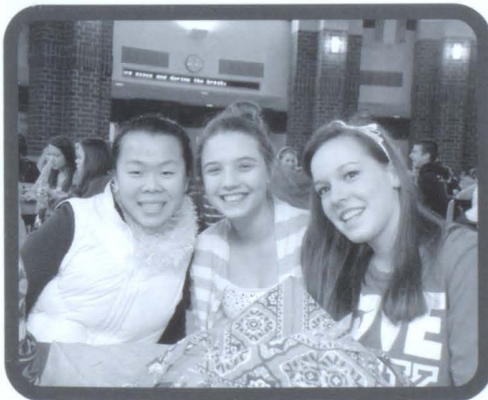

The word "underclassman" may take on many different definitions. Some may interpret the word to mean any student in high school who is not a Senior. To others, it may have an underlying meaning of inexperienced or immature. Although most underclassmen are not immature, all are inexperienced in one way or another. Inexperienced, meaning that they don't know the rules of the school, where all of the classrooms are, meeting all new teachers and students. The Freshmen go from "ruling the school" in 8th Grade, to being the new kids in the high school. The high school atmosphere is much different than middle school, and for some, it is a difficult adjustment. At times it may seem as though there aren't enough hours in the day, or that the workload is too much to bear. However, the Senior class is proof that everyone can all make it through. Your hard work will most definitely pay-off in years to come. Keep it up!

Right: Paul Armata and Cecily Macari smile for the camera during lunch. These two friends both love being able to relax and catch up on the latest gossip.

Far Right: Dianne Pogg shows us how healthy she is by eating her fruit during lunch. Nutrition is a very important part of everyday life at Suffield High.

Edward Garvey

i am... saying farewell

"I will miss everything about Suffield High School. Over the years I have meet countless students, and worked with a wonderful faculty. I love being able to interact with these amazing people everyday. Being here has kept me young. I have worked here for 23 years and loved every minute of it. I have always known that this is the place I wanted to retire. I am proud of what I have done as an administrator, and I will miss every single one of you. Thank you for this wonderful experience."

Questions and Answers with Mr. Garvey

Q: When did you start working here?

A: I started working at Suffield High in 1988.

Q: Have you ever worked anywhere else as a teacher? If so, how does Suffield High compare?

A: I worked at Southwick High School for a while, it was definitely different. But I fell in love with Suffield as soon as I got here. I even brought my kids here because it is such a good school system.

Q: What has been your most memorable experience during your time here?

A: Being able to go back to the Vice Principal position after being the Principal for 5 years. I missed being able to interact with the students, which is my favorite part of this job.

Q: What is your favorite event that the school holds?

A: Hands down, Spirit Night. I am honored to be asked to MC the event, and it's just a fun time for everyone.

Q: What are your plans after you retire?

A: Well, I will do some consulting for other school districts. Also, I plan on spending a lot of time in Cape Cod!

Managing the Stress

i am... FUN!

Above: The band marched at the Big E this fall. Pictured above are only a portion of the band: Bumjoon Park, Alex Treiber, and Alyssa Viets.

Above: Junior, Craig Kost, is busy working on school work.

High school comes with many types of stress, like studying for a test in Chemistry while at the same time your History teacher assigns you a project. It can be extremely difficult to manage everything in your life and not crash.

Also, as you get to your Junior and Senior year, there are tests such as the SAT and ACT that are required to get into college. One can not explain the stress and anxiety that comes with standardized testing. Then, you have to start thinking about the college you want to go to. Once you have that figured out, there is the process of filling out an application, writing essays, and going to the college to be interviewed.

There are many stresses that come with High school. That is why it helps to give yourself free time to relax and hang with your friends. School does not have to be academics alone, take some fun electives that will take some of the stress away, if only for one period of the day. Finally, join clubs, got to support your team at a basketball game on a friday night. Make High school a memorable and FUN experience.

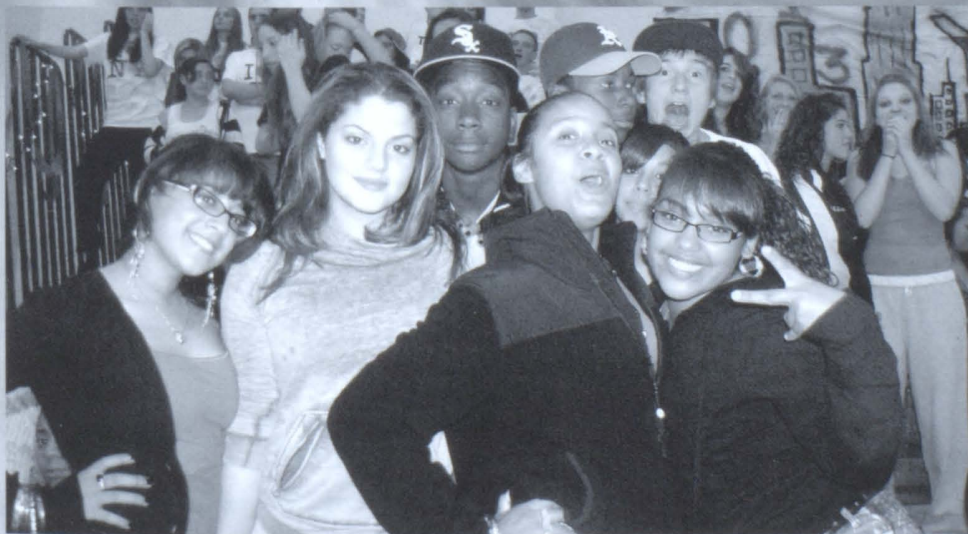

Right: Grace Presnick, Ally Pasquirello, and Tara Sullivan show their class spirit. Seniors always go all out for Spirit Night because it's their last year!

Volleyball Marathon

i am... a champion

Everyone was ready for the last stretch of the 2010-2011 school year. Students looked forward to the Spring season for all the fun activities, especially the Volleyball Marathon. The National Honor Society did an amazing job sponsoring this event. Students gathered outside, huddled in the cold waiting for all their team mates to join them. The doors opened at 7:45 a.m. and teams poured into the school to have their bags checked and receive their team letter on their hand. After setting up their sleeping bag in the teams designated section, everyone went to the opening ceremony and then the games began! Teams lined up to check what time their first game was and what team they were up against. In VBM, each team is guaranteed the play in 3 games. Half the fun of the Volleyball Marathon was hanging out with your friends in the commons while waiting for your next game to start. We ate pizza and junk food, played xbox, and listened to music in between matches. The competition became even more fierce throughout the night and into the early hours of the morning. By the end of the night it came down to two teams: The Plain White Tee's and America Runs on Pancakes... The Plain White Tee's took the victory in the last game of the Volleyball Marathon with a score of 21-19. Overall it was a fun night for everyone who came!

Above: The Plain White Tee's consisted of former seniors: Erin Linsenbiger, Jessica Carson, Lindsey Henry, Tyler Devine, Dan Sullivan, Joe Sullivan, Nicole Poudrette, and Dan Bartini pose for a snapshot right after they won the finals game.

Left: Juniors, Nicole Gagnon and Eliza Doane relax after a tough game. Even though their teams were competing, they still had fun on and off the court. They never let the competitive atmosphere get to them and they maintained good sportsmanship during the entire night and were still good friends.

Fall Play

Suffield High School's Fall theater productions are always dramatic plays that have amazing performers, sets, and direction. It was decided that this years play would be Macbeth, the tragic play written by William Shakespeare, is about a man who was given prophecy that he would be king and would do anything to make that come true. The main character Macbeth, is played by Douglas Vormstein-Schneider. Macbeth's wife, Lady Macbeth, is played by Clare Tassinari. This play was definitely one of the best that Suffield High School has ever seen, from the actors, sets, music, and the lighting. Everyone involved with putting the play together did an amazing job. Like every year, the play was directed by the amazing Ms. Holland. Ms. Holland should be commended for how much hard work she puts into the play. She is at the school for hours after the day is over in order to make sure that the end product is perfect, which, like always, it was. The entire tech and backstage crew also had a huge role in the making of the play and without them, there wouldn't even be a play. The play was an amazing production.

Left: The witches were played by Stephanie Madden, Kelly Costello, Daniela Kelliher, and Micaela Tracey. They stole the show during their black lighted, choreographed, scenes. The girls loved being able to play such important characters in the play.

Left: The stars of the show, Doug Vormstein-Schneider and Clare Tassinari, who played the husband and wife duo who were the masterminds of murder.

Below: Senior, Sawyer Judkins, who played Malcolm in the play. Sawyer has been in many SHS productions, and has enjoyed all of them.

Below: Senior, Clare Tassinari, poses for a picture while in costume for her character, Miss Lynch. Clare loved being a part of the play and hopes to continue acting.

Spring Play

Every spring Suffield High puts on a musical. This year the musical was Grease. Grease is a love story that quickly became an American classic. It is the story of a good girl falling in love with a bad boy and how they have to face the differences among their peers to be together. There was a lot of anticipation for our production of Grease. Everyone loves the story and people were excited to see their friends and classmates star as some of their favorite characters from the movie. The main man, Danny, was played by Elisha Dorsey and the leading lady, Sandy, was played by Molly Drenzek. The energy in the auditorium was incredible as the students took the stage to perform. The audience cheered and sang along to their favorite songs from the classic musical. The wonderful Ms. Holland, directed the play and made it a great experience for everyone in the audience. Also contributing to the play was Mrs. Hoffacker who was the musical director and the conductor of the orchestra. Mrs. Hoffacker has been a part of many musicals that our school have produced. The backstage crew did a great job, the props were amazing and the set looked fantastic.

Left: The show is over! The cast takes a bow as the audience applauds. The cast and crew worked so hard for months and it finally paid off as the auditorium was consumed with applause. Congratulations to everyone in the cast and crew for creating such a spectacular show.

Suffield on the Green

Above: Sarah Currier sits with the Sophomores and helps out with their booth. Sarah enjoys participating in the events to support her grade.

Above: Sophomore, Nick Sullivan is supporting his grades booth. He got his hair braided at the Juniors booth as a joke.

Above: Brendan Irish makes a call to the main building. He volunteers as a Police Explorer. They help direct traffic at busy events like Suffield on the Green.

Suffield on the Green is a yearly event that takes place in the center of town on "the Green." This year it took place on Saturday, September 11th and Sunday, September 12th. Suffield on the Green is a community fair that has food, games, crafts, and music. Many local businesses come and set up booths and hold games and raffles to raise money. Each grade has its own booth that raises money for their grade. The Seniors had a dunk tank, in which students and teachers signed up to be dunked. The Juniors did hairbraiding for many children. Sophomores did a fish bowl toss and had a raffle. Many of the booths hand out free things like pens, candy, and silly bands. There is also a craft fair held at the Hatheway House which is very close to the Green. Every year there is a dog show that many people and their favorite pets take part in. Suffield on the Green is hosted by Friends of Suffield, an organization that makes charitable contributions throughout the town including; local businesses, the school system, and charities. Suffield on the Green is a fun event that everyone looks forward to.

Right: Juniors, Kelsey Tustin, Brendan Kirschbaum, Nolan Donahue, Gabija Pileika, Alex Biederman, Emma Sikes, Alex Treiber, McKenna Tierney, and Eliza Doane all took turns at the Junior Booth to raise money for their grade.

Below: Senior, Alida Lamagna playing with a yo-yo she won at the green while playing a game at one of the many different booths that are at the green.

Above: Seniors Emma Kubetin, Ana Zielinski and Marco Muzio pose for a picture at the Senior booth. The Seniors ran the dunk tank which was one of the main attractions at the Green.

Below: Sophomores Kelly Costello and Dean Ravenola take a picture at the booth they were working at. They were both helping out at the Sophomore booth.

Left: Senior Sarah Voisine participating in the Senior dunk tank which she, along with many of the students and teachers volunteered for. Other volunteers include Mrs. Holland, Mr. Jordison, Mr. Janick, Mitch Kucia, Shannon Storey, and Ana Zielinski. The volunteers were great for getting up their in the cold weather to be dunked.

Spirit Night

i am... in it to win it

Above: Senior Luke Allen running around in this Greenman suit during the Senior skit to add some comedic effect to their skit.

Above: Every year at Spirit Night, Mr. Garvey serves at the MC for the evening. Everyone loves when he is the announcer for the Scavenger Hunt.

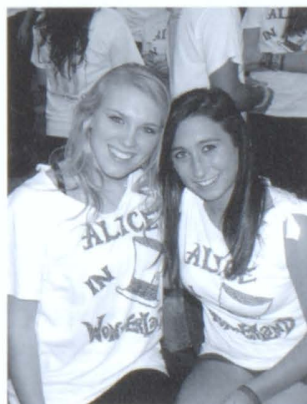

Above: Paige Anderson and Jess Summa pose for a picture. Both of them participated in Spirit Night and loved the experience of dancing in the skit.

Every year the school holds an event called Spirit Night. Each grade has to come up with a theme and create a skit, dance, and decorations that go along with that theme. The week leading up to Spirit Night is called Spirit Week. Every day of the week people have to dress up in different ways in order to gain points for their grade. Tuesday was Pajama Day, when everyone had to dress up in their favorite PJ's and slippers. Wednesday was Hat Day, when everyone put on their funky hats and walked around school showing them off. Thursday was Suffield Day, in which everyone had to put on Suffield gear, like sweatshirt's, uniforms, and t-shirts. Friday was color day, and it was the final day of Spirit Week and the day of Spirit Night. The Seniors ordered shirts and which was their color, green. The Juniors wore yellow, the Sophomores wore orange, and the Freshmen wore purple. The preparation for Spirit Night is very stressful for everyone involved, especially the class advisors and choreographers. But hopefully it all pays off for each of the grades when the others are wowed by their performances. Even though the preparation is stressful, the night itself is an amazing experience.

Above: The ending of the Senior skit in which everyone pointed up to the sky for their beloved friend, Alexa Crosby. People in the bleachers also pointed up for their friend.

Left: Christina Demers, Giovanna Demers, Aimee Slatkavitz, and Taylor Drinkwater who are so excited after seeing the skits.

Above: Amanda Pine, Laura Stursberg, and Cassidy Anthony take a break from cheering on their grade to take a picture. Spirit Night is not only a school event, it is a place and time where people can socialize and come together to have fun with their friends and other people from their grade and the school.

Left: Seniors Katie Shute and Tara Sullivan stop for a picture during the pie-eating contest. The pie-eating contest is one of the most fun events at Spirit Night.

Seniors at Spirit Night

i am... in wonderland

It was the last Spirit Night for the Seniors, and they wanted to make it a night to remember. This year, they did just that! Their theme was "Alice in Wonderland." The skit began with Alice chasing the white rabbit. Then, the inhabitants of Wonderland broke out into dance. To finish off their skit, the Seniors all pointed up to their guardian angel in heaven, Alexa. The Seniors definitely dominated the night, as they won first place for their skit, decorations, and overall! Since Freshman year, the Class of 2011 has won the toilet paper competition (all thanks to Steph Guminiak- the runner). When the night came to an end, everyone agreed that they will miss Spirit Night.

Above: The Seniors had amazing decorations at this years Spirit Night. Not only did they have an incredible banner, but they also made a giant clock for Alice to jump through, and a kings chair for the Mad Hatter.

Above: Seniors Christy Martin and Bruce MacKay perform as Alice and the Mad Hatter. These two had amazing chemistry throughout the entire dance.

Above: Karter Kaplan after she had finished the pudding-eating competition. Students were fed pudding by their partner who was blind-folded.

Below: Friends Kristina Schneider, Sarah Dallaire, McKenna Tierney, Gabriella Attanasio, Kathryn Ravenola, Peri Stevens, Brianna Bishop, Sheila Drakely, Atorina Piccolo, Stephanie Madden, Michaela Fortin, and Gabija Pileika.

Below: Craig Cost poses with the main prop of the Junior Spirit Night skit. He "traveled through time," and danced like crazy.

Below: Students Dan Adams, Nicole Cordiliko and Anthony Cordiliko compete in a fun game called apple bobbing.

The Juniors this year had the theme of decades. They took the audience on a riveting journey through time. Taking us through the 50s, 60s, 70s, 80s, 90s, and today. We got to see a re-enactment of performers such as Michael Jackson, The Backstreet Boys, and Enrique Iglesias. A lot of Juniors participated in the skit, but those who didn't still came to Spirit Night and showed their support for the rest of their grade. When it was time for the night to come to an end, the votes were recorded and the winners were announced. The Juniors came in a disappointing third place. However, they all agree that next year will be their time to shine.

Below: Mackenzie Wilson competing in the limbo competition. She almost won!

Above: Sophomore Paul Armata competes valiantly in the limbo competition. As you can see, Paul got really into it.

Above: Sophomore Nicholas Cervione wraps members of his grade while participating in the toilet paper competition.

Below: The Freshmen did a surprisingly good job at decorations this year. Not only were their props good, but their costumes were very convincing. Some members of the skit dressed as lions, others as zebras. They put on a great performance.

The Freshmen came with their best effort for this year's Spirit Night. This grade was literally going wild with the theme of "The Lion King." These students gave it their all and made sure they had fun with it at the same time. It is usually a struggle for the Freshmen to be prepared for the night due to lack of experience. However, the Class of 2014 blew the crowd away with their energy and fun-loving attitude. If the students participating in the skit were nervous, they didn't show it. Although the Freshmen did not win best overall skit, they did walk away with the sportsmanship award. The Freshmen had an amazing night thanks to their hard work.

i am... the king of the jungle

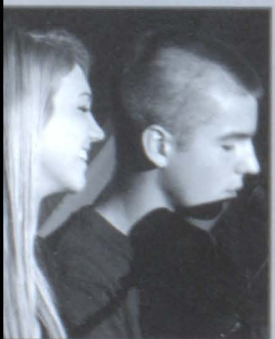

Connor Blake and Pat Lee are Aladdin and Jasmine while singing A Whole New World.

Cody Kaczmarek, better known as Cody Cash, is an inspiring rapper.

Drew Fahle is showing off his no pants style and hoping it will become a new trend.

Mark Wyse plays the piano and sings to Brenna Lowe. How Sweet!!

Mr. Suffield

i am...the king!

Each year a group of senior boys show Suffield High School how talented they really are. From singing acts and dancing to strutting down the runway with bikinis on, this night is definitely jam-packed with entertainment. As the boys lined up on stage, the audience was introduced to all the contestants who they could vote for at the end of the night. Every contestant had their own, very unique ways of expressing themselves on stage and there was never a dull moment with these guys.

Patrick Lee is giving his speech while wearing his crown, sash, and holding a bouquet of flowers after it was announced that he was the next MR. SUFFIELD!!!!

The EMCEEs

Andy Dodds and Nick Collins took on the difficult task of hosting the event. The boys had to be well prepared to keep the show going in case anything went wrong. They also had to keep the audience entertained while the contestants were getting ready for the next portion of the contest. Nick and Andy definitely did an amazing job, from the amazing opening all the way until the ending ceremony. The boys kept the audience laughing throughout the entire show.

The Contestants

Throughout the night, these boys really provided talented and humorous entertainment. Pat Lee starred in various performances such as singing on a magic carpet with his best bud, Connor Blake, and rapping while busting out some moves with CJ Lisk. Zach Anderson had quite a unique act as he reenacted the popular Harry Potter puppet-pals. Michael Jackson seemed to be a popular choice since both Bruce Mackay (dancing to Thriller) and Cory Allen (Jackson Five) chose to use his music. Cody Kaczmarek did his infamous raps while Drew Fahle serenaded us with his original song, and Mark Wyse sang a song to Brenna Lowe. Zach Bergamini sure got a reaction out of the audience with his rendition of "I'm too sexy," including a black mesh shirt and all. Marco Muzio and Peter Nadolny sang together and Peter even had a scream part! Dan Sullivan and Pat Slattery had a whole dance routine planned out and even wore wacky leg warmers! The night concluded with Pat Lee being awarded the crown and everyone truly having a wonderful time. Class of 2011 had one of the best Mr. Suffield pageants in SHS history!

Suffield High School Agri-Science Program

Below: Junior, Jordan Kreuzer, is taking care of one of the schools chickens. Jordan loves being able to learn how to take care of various animals in her Ag classes. Being in Ag is definitely a blessing when you get to work with all of the different animals.

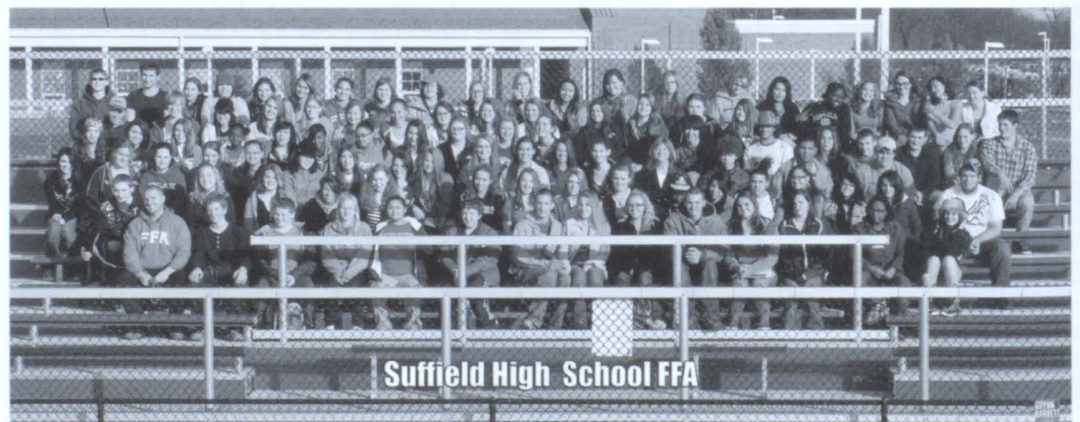

Below Right: The group of the girls who went on the Yellowstone Trip. The trip was an amazing experience that none of the girls are going to forget anytime soon. They all had so much with each other on the trip and it was a great bonding experience.

Suffield High School's Agri-Science Program is definitely one of our school's most defining and distinguished features. The program allows students from Suffield, and other towns, to learn all about the environment and agriculture through specialized classes and programs. The program is a part of FFA, an association that teaches students how to work with the environment. This year, many Agri-Science students took a trip to Montana for a fun and educational experience. Students said that they had a wonderful time and hope to go back sometime soon. The Agri-Science program gives students amazing opportunities that they normally would not have.

Above: Seniors, Megan Walsh, Rachel Liberty, Rachel Dern, holding a skull of a what used to be a deer. These girls love being a part of the Agri-Science Department. Rachel Dern says, "Being an Ag for all four of my years in High School has been amazing, it is an experience that I will never forget."

Above: Here is a group picture of all of the FFA students at Suffield High. There are so many students that it is very difficult to get everyone together for a group photo. All of the students are happy to be here and be able to show their pride and dedication to FFA. Being an Ag student or an FFA member is a ton of fun; you get to meet new people and learn important life skills. The students love when they can all get together for a group event like this. The day that this picture was taken, it was very cold out and the sun was glaring in everyone's eyes. Being in this picture was especially tough for the seniors who had already been outside for fifteen minutes to be in the Class of 2011 picture. However, it paid off in the end because now they have a great picture to remember all the good times they had in the Vo-Ag program.

Left: A group picture of all of the students and the Mrs. Willard and Mrs. Smith who went on the trip to Montana. This was an amazing experience that they will never forget. The students thank the Agri-Science Program for giving them the opportunity to be able to go to such a beautiful and majestic place like Montana.

Below: Senior, Rachel Dern, prepares a wreath for the Annual Holiday Sale. Every year the Ag department holds this sale to sell the wreaths and other holiday decorations that the Ag students worked very hard on.

Above: Senior, Anastasia Devoe, with a horse that she helps take care of. Anastasia has spent all four of her years at Suffield High School devoted to the Agri-Science Department. "Being in Ag has opened many new windows for me in my life that I never thought I could do." Being an Ag students comes with a lot of responsibilities and the students have a ton of pride in what they do.

Above: Students Rachel Dern and Jasmine Flores take a picture with their favorite Agri-Science teachers, Mr. Grogan and Mrs. Willard. The Agri-Science department would be nothing without the love and dedication of it's teachers. All of the Ag students are thankful for the amazing teachers that are willing to teach them such important life lessons, educate them, and set them up for a successful life.

Above: Junior, Vanessa Toledo, is petting the school's miniature horse, Spencer. Spencer came to SHS last year and has been a welcome addition to the school. Everyone loves Spencer and the entire school considers him our unofficial mascot.

Sports

i am... athletic

Fall, Winter, Spring. No matter what the season a majority of students at Suffield High School participate in at least one sport. Athletics are a great way to express your passion and love of the game. Whether it be a team sport such as soccer, basketball, or baseball; in which you have to work together with your teammates and learn the strengths and weaknesses of the team as a whole. Or it could be more of an individual sport, such as tennis or golf where you must learn your own strengths and weaknesses and build on those. Some people participate in sports just to be a part of a team, and others for the thrill of the game. Either way, they all share the title of the fearless Wildcat. You may ask, what does it take to be a Wildcat? First off, you have to have heart and stay positive. No matter what the outcome may be, always remain optimistic and keep fighting. It is always important to work hard and to never lose hope. If you bring 100% of your effort to practice everyday, it will produce amazing results. Each season is filled with triumph and defeat; however, the team that overcomes hardships come out on top. The second component that is needed to be considered a Wildcat is sportsmanship. Suffield is known for being a competitive school, and also for respecting their opponents. Finally, in order to be called a Wildcat, you must love to play the game. If there is no passion, then there is no chance for an extraordinary season. If you put forth all of your effort, good things are bound to happen. Overall, Suffield has gained the prestige of being a talented sports town. Girls Soccer has made it to the state finals for the first time in the history of the school in 2009, and they now share the title as Champions! Girls Softball has also made it to the state finals, winning the Class M title 3 years in a row. We owe a great deal of success to wonderful coaches, team leadership, and the fans! As our school motto states: "You can't hide that Wildcat Pride!"

Above: At the new turf field, we show our Suffield pride with our customized scoreboard. This picture is taken at the beginning of a game, but after the game the scoreboard was obviously going to display a Suffield victory.

Above: Amanda Westbrook cheers her heart out. The cheerleaders perform at every home game for both boys and girls basketball. It takes a lot of dedication!

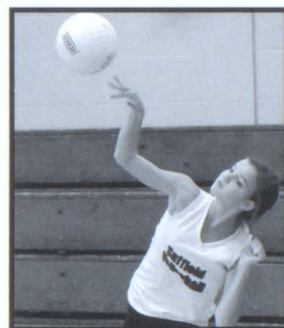

Left: Senior, Cory Allen takes the ball down the field while looking for a teammate to pass to. These boys had an amazing season with a better win-loss record than in past years. They made our school proud.

Left: Varsity Soccer player, Ashlie Dacruz knees the ball while trying to keep it away from the opposing team. Sometimes this sport can be very physical and intense.

Left: Point guard, Tyrone Williams goes for the shot even though his opponent is covering him. It takes a lot of skill to score with a defender right next to you, and Tyrone exhibits that skill.

Left: Freshman Volleyball player, Alexis Ofsuryk serves the ball over the net. It is extremely difficult to serve the ball over-hand and make it over the net without hitting the ball out of bounds.

Left: Varsity Lacrosse player, Eric Johnson passes the ball to a teammate while running down the field and avoiding an interception by the opposing teams players.

Below: Connor Beaulieu takes his time to analyze the ground and precisely place his golf ball before putting. This is necessary to maximize accuracy.

Above: Senior, John Kopec wrestles his opponent. At the beginning of a match, there is not a lot of physical contact. But as the match progresses, there is more.

Below: Sophomore, Anna Boucher backstroking her way to victory. Anna loves to swim and her team, she has so much fun with them.

Above: Cross Country runner, Josh Service keeps the pace and never stops moving. The key to running long distance is to never stop.

Boys Varsity Soccer

i am... sweeping my opponents

The Suffield High School Varsity Soccer Team came out with a fiery start. These boys improved tremendously this year from previous seasons. Much credit can go to the experience this team has, being made up of mostly upperclassmen. Under the leadership of Captains Patrick Slattery, Cory Allen, Stephen Silva, and Jake Picard, the team was very successful. At practice, the boys did nothing but work their hardest everyday. Practices were usually started with different types of running drills and ball control. Many afternoons were spent working together with their coach, Mr. Beigel. Even though there were a large amount of Juniors and Seniors on the team, the younger players also pulled their weight when the time came. A key part of the teams success was Freshman Sean Sullivan who was a starting player. He will surely be an important part of the team in future years. The players who provided most of the goals include Juniors Jake Picard, Nathan Fall, and Jamie Perez. Although the offense was very good this season, defense was the winning feature. Goalie Michael Krznowski said this about his team, "the defense is without a doubt the strongest part of our team." The boys had a very impressive season, finishing with a very impressive record. In the end, it was a great ending to a great season.

Boys JV Soccer

i am... reaching a goal

The JV Boys Soccer Team this year surpassed all expectations. The team played incredibly well together which resulted in a great season. All of the new players quickly learned how to play as a team with the previous members. Through the season it was evident that every player on the team had been working their hardest to improve their skills for each game. Not only did the players work hard on the field, but they also worked hard off the field. The boys grew close, and each one respected the other. Freshman Alex Voisine said, "On the team we are like brothers and we have each others backs both on and off the field." They were led by Captain Peter Meehan who encouraged every member to do their best and always work as a team. Young players such as Tommy Gaffney, Tom Bartley, and Nick Mangiamelli are up-incoming rising stars for the Suffield High School Soccer Team. At the end of the season the JV Boys won the majority of their games, ending with only one loss. Overall, the JV Team had a very successful season with the help of coach, Mr. Cervione. Some of the players were even able to play with the Varsity Team during a few of the league games. This team helps pave the way for a promising future of Boys Soccer here at Suffield.

Girls Varsity Soccer

i am... a state champion

Soccer has always been a huge sport for Suffield High School, especially for the Varsity Girls who won the State Tournament last season. The team was led by its three Captains: Grace Presnick, Ally Pasquariello, and Kristi Chamberlain. Kristi and Tara Sullivan were both All-Conference Players and Alexa Keney was an All-State Player. Kristi was the MVP of the State Tournament last season, however, she tore her ACL during the pre-season play. The team was faced with a heavy loss when Kristi couldn't play anymore. However, they didn't let that get to them. Last season Grace had the shutout record, meaning that she let in the least amount of goals in her conference for the entire season. Ally, another Co-Captain, was All-State, All-Conference, and All-New England Player. During the 2010 season, the Varsity Team gained five new Freshmen who definitely made an impact on the team. The girls team had many dedicated fans who tried their hardest to make it to every single game, even to the away games. The team went undefeated with a record of 20-0-0, making their 2 year overall record of 38-0-2. Stephanie Guminiak scored off of a free kick with 3 seconds left in the championship game to make it a *perfect* ending to a *perfect* season, winning the Class M State Finals!

Girls JV Soccer

i am... getting a kick start

The Girls Junior Varsity Soccer Team was a great team and had been very successful this year. The girls were winning games left and right and they should be very proud of their great accomplishments and victories. There were more young players on this team than there ever have been in the past. In fact, the team was made up of mostly Freshman and Sophomores. The team was extremely impressive this year, considering that it was made up of such young players. Also, the team had a relatively new coach, Mr. Drago. Mr. Drago is a middle school gym teacher who gave up almost all of his afternoons to coach the JV soccer team and to bring these girls to new heights. This season was an especially amazing one. The girls were nearly undefeated, they only lost one game and tied another. The girls should be very proud of how well they did this year and that they brought the Junior Varsity Team to new heights. It is going to be hard for the teams in the upcoming years to beat that amazing record. Girls soccer is incredibly important to the Suffield community, and it is reassuring to know that these girls will be representing the town on the Varsity team in the years to come.

Varsity Field Hockey

i am... stickin' it to my opponent

Since the start of the season, these girls have come out strong. It is obvious that the team has improved greatly from last season. By midseason, this team has qualified for the state tournament, which took them until their last game in the previous season. The girls owe part of their success to their coach and teacher, Mr. Gatto. "He treats us like we can always do better. He sees that we all have potential and therefore, he pushes us to always improve," says senior co-captain, Kelly Kenney. There are three captains this season; Paige Anderson, Kelly Kenney, and Chelsea Peck. This shows that there is a lot of leadership present on the team. Each girl on this team has something different to offer and everyone works together to earn a win. Every October, the field hockey team participates in a national fundraiser for Breast cancer, called, "Play 4 the Cure," where they wear all pink. They have played two games under the lights on the turf field; one was against Enfield and the other was against Somers. With a season record of 8-4-1, it was definitely a highlight on how well these girls supported each other and gave it their all. This season was an unforgettable one and they could not have wished for a better outcome.

JV Field Hockey

i am... winning the faceoff

As the season started for JV Field Hockey, the team welcomed a bunch of new freshman players. It did not take long for this group of girls to click together and become a support system for each other. Captains, Jess Pierce and Angeline Smith led the team by example and with the help of their coach, Mr. Jordison, they made sure that everyone was trying their best 100% of the time. Every practice was a time for these girls to work on their skills and prepare for their future games, which they took full advantage of it. The highlight of the season was their tie with Granby; a score of 0-0. This was a game fought head to head, and there was no backing down. More miraculous was the fact that the first game against Granby had resulted in a huge loss for Suffield. However, these girls did not let that bring them down, instead they stepped it up and showed what a competitive team they could be. With a season record of 3-6-4, these girls show how much true potential this young team has. One can only imagine what awaits this group of girls in the future. With pure talent and determination, this team really portrays what it means to come together as a team and give it everything you have to achieve success.

Boys Cross Country

i am... going the distance

This season has been one of extreme victory for the boys cross country team. Their hardwork and determination has put them at the top. Their season record was 22-2, losing to Canton by only three points! There is not one day, rain or shine, that one would not see any of these boys running around town. The endurance of this group of guys is unbelievable and it shows in their records for the season. There is no giving up in this sport. If you need a water break every five minutes, then you are out of luck because these boys run until they are told to stop, by the finish line. Through sweat and blood, these boys are determined to reach the end of the race before everyone else. Junior, Dan Moroney came in first at every single regular season meet as well as coming in second at the conference meet. This team of boys were out for victory and they were not going to let anyone get in the way of winning. Not only did these boys try to improve their mile times, the older runners became mentors for many of the freshman runners. Freshman, Kevin Powell and Patrick Begley both made it to NCCCs and have proven throughout the season that they have extreme potential and ability in this sport. This season was without a doubt, one to remember.

Girls Cross Country

i am... keeping the pace

This seasons' girls cross country team, had what it took to succeed. Not only did all of these girls have extreme dedication but they also exemplified what it means to be a team. Although running is thought of as an individual sport, there is a lot of teamwork that must happen as well. At practices, these girls worked together to achieve greater distances and to better their times. This sport is definitely not one to slack off in. In order to achieve what these girls have, you must put everything you have into it; mind, body, and soul. Throughout this season, the girls cheered each other on and worked to push everyone to victory. The top seven varsity runners finished within the total top twenty five runners in conference. It takes so much hard work and effort to compete like that. These girls knew when it was time to give it their all and never back down and it showed in their results. With a season record of 21-3, there is no lie when saying that these girls did everything they had to, in order to win. At this year's NCCC, the team came in second, which is quite an achievement. Teams from all over Northern Connecticut compete and it is not an easy race. When looking back on this season, the girls know that all of the days spent running in the rain and cold paid off in the end, and this season was surely one of the best

Football

i am... a raider

The team took the field with high hopes and strong determination this fall. Over the past three years, the team took some hard hits with more losses than wins. However, the boys were ready to tear up the gridiron for a great finish. The team was headed by Seniors Luke Allen, Anthony Beltramello, Anthony Liquori, Joe Gleason, John Kopec, and Junior Defensive Back David Bray. These athletes became the teachers and aided the underclassmen to great achievements. The over 20 Freshman on the team agreed that the help and positive attitudes of the older players made them feel comfortable on the team and encouraged them to work hard. The shining star for underclassmen was Trystan Cauley, who is said to be one of the best players on the team so great things are expected from him. An important note is that these Raiders played with approximately 15 Varsity players in a league where most teams have between 30 and 40 players. Without question, the key to the team's success was their effort and hard work. Senior Defensive Back & Receiver Luke Allen said, "Conditioning and aggressive play throughout every game is important to us." Morale remained high and spirits were never low. Great things are expected from this team in the years to come.

Girls Volleyball

i am... servin' it up

Girl's Volleyball is a new team that was created for our school last year. The team had been struggling to find other teams in the area that were willing to play against them. However they worked harder than any other team in the school to become recognized as an actual Varsity team at Suffield High School. The team was led by Seniors Karoline Porcello, Hilary Lattanzio, and Jessica Flagg. These girls worked hard to make their team successful and strong. Being a relatively new team was a hard task but thankfully the team had its three Senior Captains as well as an amazing coach. The team had 9 new Freshmen members this year who were an amazing contribution to the team. These girls take their sport seriously but they also really try to have fun since all of them truly do love the sport of Volleyball. "Volleyball is such a fun game, I love playing it! Being able to play it everyday is a great opportunity," says Captain Karoline Porcello. Their coach Mr. Lenser did an amazing job and they were thankful to have such a great coach. The girls could bump, set, serve, and spike the ball at any moment with intensity and strength. And they hope to continue in the years to come.

Bottom Row: Sandra Hallett, Kate Butler, Nadiya Goode, Jillian Seymour, Kristen Dupuis, Marina Hogan, Meg McDonough, Lindsay Bissey, Nicole Switalska, Celia Randall, Victoria Spencer, Sarah Voisine, Julia Galica, Meghan Corr.

The girl's swimming team is one of the best teams at Suffield High School. The team is diverse with people from all throughout Suffield's various groups and grades. The pool is a place where the girls all come together and work hard to win. This year was an especially amazing season for the girls because they broke the record of the most consecutive swim meet wins, which was 9. This year they were lead by four amazing captains; Kelsey Loveless, Sam Saner, Sarah Voisine, and Molly Clark. They gained 4 new freshmen that were great additions to the team. The Girl's Swim Team did not let losing 7 Seniors effect them, they pushed themselves harder than ever before and it paid off for them. Outside of the pool, the team is always doing various things for team bonding. After many practices and meets, the girls go to Friendly's or McDonalds and eat. They have pasta parties on the nights before a meet. And at one of the parties they all tie-dyed shirts. Also on the day of meets the girls often dress a certain way like Clashing Day and Twin Day. They also recognized a Swimmer of the Week in which one girl is awarded for their hard work and amazing skill in the water, the Swimmer chosen get's her locker decorated and the school is also told of their achievement.

Above Top: Nadiya Goode during a butterfly stroke, which won her the race. Nadiya hopes to keep swimming because she loves the sport and the team.

Above Middle: Chelsea Gervais, who is one of the teams stars, during a meet.

Varsity Boys Basketball

i am... taking it to the hoop

As always, the basketball season started off with great intensity. After the season commenced, the boys spent everyday in the gymnasium after school. When not in the gym, members of the team spent their time in the fitness center building muscle and making sure they were in shape. Under the leadership of Captain Pat Slattery, the boys made sure they broke a sweat everyday. The team had a very successful season this year, winning the majority of their games. Much of the teams success can be credited to the dedication and teamwork from every single one of the players. Two noble players that contributed greatly to the team were Tyrone Williams and Eddie Danek. As a Sophomore point guard, Tyrone Williams exceeded all expectations by not only being a leading scorer among underclassmen, but also led the team in assists. Junior, Eddie Danek led the team in scoring and was one of the greatest contributions to the team. As always, there was the natural rival with neighboring town, Windsor Locks. This game is always very exciting and many students came out to support the boys in their battle. And this truly was a battle because at one point in the game there was conflict between two opposing players. In the end, the season went by very smoothly. The underclassmen members of the team are excited for next year!

JV Boys Basketball

i am... shooting for the stars

The Boys JV Basketball Team this year did an amazing job, going undefeated for the majority of the season. Members of the team such as Damien Gunn, Dunatus Correa, and John LeDoux played on both JV and Varsity! They were an unbelievable help and contributed greatly to the teams success. Also, the Boys Freshman team continued to show improvement as the season went on. Suffield has a bright future with these young players!

Varsity Girls Basketball

i am... driving to the basket

The Girls Varsity Team had an incredible season this year. They started off with tough tryouts, long practices, and intense scrimmages. As the games began, Coach Jeremiah determined the starting 5 players. This included Co-Captains Stephanie Guminiak, Brianna Bishop, as well as Brenna Lowe, Jessica Flagg, and Ashley Gleason. They started every game of the season and made a very big impact on the team. The team improved greatly from the previous year because they seldom lost games, but when they did, it was always by a very small deficit. The most exciting game of the season was by far the Windsor Locks game. Senior and Co-Captain, Stephanie Guminiak said this about the game, "It was the funniest game to play in because our school gets so involved with it and we have a lot of fans. Having so many fans come to support makes it an exhilarating and fun game to play!" These girls definitely made it an exciting game by beating Locks by a lot! In the years to come, look for Brianna Bishop, Ashley Gleason, and Rachael Tedone for star performances. The team will also have a lot of amazing underclassmen that will continue to play and make the team great in the future. This year has been a year that the seniors will remember forever and take all the memories on in life with them. BOOM!

JV Girls Basketball

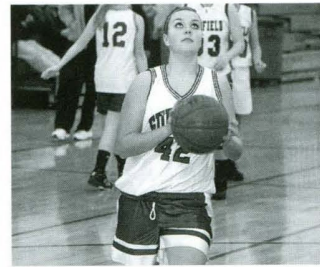

i am... bringing it to the court

The JV Team looked amazing this season with their skills and talent. They worked hard each and every practice to prepare for the next game in hopes of a win. The dedication from each player was very important to this team. Suffield High School was proud of their Freshman and JV Teams for their determination to do well in the winter months. We can not wait to see their success in the future.

Boys Indoor Track

i am... going over the top

Boys Indoor Track, along with Girls Indoor Track are the biggest sports for our school. Even bigger than Outdoor Track and Field, and Cross Country. The Boys team is a force to be reckoned with, the team is filled with amazing athletes and promising newcomers. The guys run with the best from other schools in the area. As each year goes by and the team loses great teammates it is up to the captains to get the team going. This year the team was led by Peter Zaffetti, Zach Anderson, and Dan Moroney. They are some of the most devoted members of the team and will do their best to bring it to victory. This year the team gained many new freshmen who were amazing additions to the team. They are all great athletes and it definitely shows that the team is in good hands in the future when the Seniors graduate. The team had a very successful season and are immensely proud in the work that they did. This came with the help of Track's dedicated Coach Sinicrope. Coach Sinicrope has coached the team for years and the teams love him to death, There is no better coach of their team. Coach Sinicrope was helped by Coach Plano. The group would be nothing without the coaches who devote countless hours to the team. They could not have wished for a better season or teammates.

Girls Indoor Track

i am... racing against time

Girls Indoor Track is one of the biggest teams that Suffield has ever had. It is comprised of about 50 girls who are completely dedicated to the sport. Whether they like to run or polevault they are some of the best at what they do. This year the team was lead by two seniors Mary Kate Tracey and Sarah Wilson. They are both qualified for the job because of their immense dedication and skill for track. You would think that being such a large team would be difficult for the girls but they manage to come together and succeed in all of the events. Being a track star is hard work, you have to be in shape and be ready to push yourself to victory. Track is also a fun way to meet new friends, especially if you are a freshman. Being a freshman is hard, but when you have the support of your upperclassmen teammates it gets a lot easier. Going to the meets may seem like a daunting task, however they end up being a lot of fun. Many new members start off as weeks players however they quickly succeed after weeks of practicing and pushing themselves. This team is definitely one of the strongest at Suffield.

Varsity Boys Hockey

i am... going top shelf

The zamboni door closes and these boys are ready to play. When they reach the ice, it is GAME TIME! From the first drop of the puck to the final buzzer, these boys are fierce and determined. From the moment the puck hits their sticks, this team knows the direction of the net! As a team full of strong skaters and shooters, it is no surprise that they are doing well. One of the unique things about this team is that there are players not only from Suffield, but Granby and Windsor Locks as well. It is evident on the ice, that these boys work hard as a team. Not only are they skilled players, but they definitely use their heads as well in this face-paced action sport. In this type of sport, you wouldn't want to be caught with your head down! The will power of every single one of these players is unbelievable. Even when this team is behind on the scoreboard they fight harder than ever to stay in the game. Each one of these players knows what they need to accomplish during every shift they are out on the ice, and they get it done. With numerous rushes up the ice and countless shots on net, which sometimes turn into goals, it is no surprise that this team has had many games end in victory. Their best victory of the season so far was a 9-4 win against the Staples-Weston- Shelton team at home ice. Their strong determination makes them the great team they are.

Above Top: Dylan Rupp goes head-to-head with another player to gain control of the play.

Bottom Row: Ryan Lewis, Nick Burgio, Travis Crosby, Dylan Balfore, Mitch Crosby, Brendan Fleming, Tyler Swanson, Peter Grebowski, Anthony Munson, Ian Stevens.

JV Boys Hockey

i am... breaking away

The Junior Varsity Hockey team has done very well this season. Although many of the players are underclassmen they sure know how to play. These fierce skaters don't let the label of JV stand in their way of proving just how competitive they can be. With swift moves of their sticks, they constantly gain control of the puck and make their way down the ice for a goal. To be a strong hockey player, it is very important to work as a team. People will have a lot more respect for you if you look up and pass the puck instead of playing just for yourself. These boys definitely know what it means to play as a team and they show it on the ice. This sport takes a lot of commitment and hardwork by all players. During the season, these boys can be seen carrying their hockey bags to school for practices and games. Although it may be a pain to lug their heavy hockey bags back and forth, the pay off is definitely worth the pain. These boys know that practice is just as important as a game or even more so, since most of the plays are set up and worked out at practice. This way, when these Wildcats step on the ice they're fired and ready to go, with a plan in mind.

Above Top: Gabe Carucci makes his way up the ice for a goal!
Above Middle: A group of Wildcats huddle after a goal is scored! It fires players up to know that their teammates are cheering and rooting for them.
Above Bottom: Wildcat goalie, Camron Clark goes to save the puck with help from his defenseman Blank. Out on the ice it is always a team effort to keep the opposing team from scoring a goal.

Boys Wrestling

i am... takin' it to the mat

This season the boy's wrestling team was ready to compete. The former players made sure to start off the season helping the new freshman realize their potential. This sport is just as much about the mind as it is about physical strength. The larger wrestlers can often use their large build to conquer opponents, but the smaller wrestlers often have to rely on more technical ways of overthrowing their competitors. Before the start of every meet, these boys run out onto the gym floor showing a "Go, Get 'Em" attitude. Unlike most other sports, these athletes need to have a plan in place before they even shake hands with their opponent. The person who displays the best use of his skills is typically the one who will have their arm raised in victory at the end of a match. Seniors Joe Gleason, Ryan Buckingham, and John Kopec were definitely helpful in leading the team this season. Although, wrestling appears to be a one-on-one competition, it also takes a large amount of teamwork to make sure that everyone comes out strong at every match. This sport is definitely a growing one here at Suffield High School. With around twenty members, the outlook for this team in future years can only be bright.

Above Top: Sophomore, Dillon Lisk wrestles his opponent to the mat. It takes a lot of power.

Boys Swimming

i am... makin' a splash

The boy's swim team has had a very successful season. With the help of captain, Greg Christina, these boys have really proven how dedicated to the sport they are. To excel in this sport, there is a huge amount of technique that needs to be in place. To be effective these boys practice nonstop so they can become even better after every meet. This season, there are no senior boy swimmers and therefore the juniors on the team have definitely taken leadership of the team. With the support of their teammates, every one of these swimmers has proven to be an important asset to the team. At one point, this team of ten swimmers competed against a team of twenty one swimmers, and in the end they came out in victory. That is enough to say that these boys won't let anything keep them from trying their best and coming out strong. The top swimmer this year was Kyle Ehander, but the rest of the team was surely not far behind. Just as important as the swimming, is the diving in which only one person competed. Marc Murphy was the sole diver of this team but even so, he managed to qualify for states with a score of 166. With their hardwork and determination, these boys are only expected to continue to perform greatly and improve as the years progress.

Dance Team

i am... shaking it up

This year's Dance Team was better than ever! They worked harder than ever before. The team lost many seniors the year before, as well as their beloved coach Lisa. Lisa had been the coach for four years and the team grew attached to her, so it was very sad for the team when Lisa had to move away. However the team recovered with the hard work of its two captains Taylor Piccolo and Becca Tittarelli these two girls worked harder than ever before to put together this years team. They had to get a new coach and audition many new members to the team. They also had the support of the other seniors and underclassmen teammates. However once the team got its new members and a manager/choreographer they were all set to start rehearsing for the big home games. The team impressed the basketball teams and the fans when they performed during half time at all of the home games. Their new coach, Ms. Piccolo, the mother of captain, Taylor Piccolo, was very successful in winning over the team and bring them to greatness. The team loves their new coach and is very grateful for all of the hard work that she puts into the team. They are also very thankful for the hard work of their manager, Alida Lamagna, who also served as choreographer and also had to dance as an alternate and some games.

Cheerleading

i am... bringing it on

The cheerleaders here at Suffield High School are definitely the most dedicated and spirited fans of the Suffield basketball teams. They can be found cheering on the players at every home game. They seize every opportunity to get up and perform difficult routines filled with tumbling, lifts, and flips. The team spent hours practicing and perfecting the routines so that they can perform in front of the crowds at the games. Being a cheerleader takes a lot of effort and hard work. They have to be able lift other team members up in the air, perform acrobatic moves, and have to confidence to get up in front of the fans and perform. Every person on the team loves what they do and has a wonderful time doing it. The basketball teams are grateful for their hard work. Without the cheerleaders, the teams would not have the confidence to push themselves to victory. The cheers that the members spend hours working on definitely wow and impress everyone watching.

Boys Outdoor Track

i am... crossing the finish line

The boys started off this season with a positive attitude and a willingness to work as hard as they could in order to make the season successful. They got off to a strong start, with record breaking times in every event they competed in. The boys made it very clear they were in for a strong season. Despite having lost one of their strongest runners during the season, the boys continued to improve their times and beat out their competitors at meets. Looking at scores from this season, you would never know the boys had lost one of their beloved Seniors. They kept up their hard work and determination and judging by their performance in meets such as the NCCC tournament, all of their practice and hard work paid off for the team. All four captains; Marco Muzio, Peter Zaffetti, Soobyung Park and Dan Moroney did their best to unite the team and get work done. After one of their strongest seasons, the boys provided their talent and ability to come together as a team and show their strength as athletes. The team eased their way through NCCC's and took seventh place at the tournament. Some of the team members even qualified for States in their events. By the looks of this year's team, the best is yet to come.

Girls Outdoor Track

i am... clearing the hurdles

With over thirty girls on the team, Outdoor Track combines athletes from all four grades, with each girl showing off their individual talent. Whether it be field events or races, the team always pulled together to deliver a strong performance at all of the meets. Captain Sarah Wilson, along with Co-Captains Chelsea Bishop and Katie Ravenola, did their absolute best at keeping the girls team running smoothly and offering advice and help to fellow teammates whenever possible. From day one the girls had worked hard, practiced as a team and helped each other improve in their events. As the season progressed, the girls performance kept improving. With times and scores that qualified for States and NCCC's, the girls had a positive attitude and continued achieving their goals for the season. In the end, all the hard work and determination paid off for the girls; they took first place in NCCC's! Each individual improved upon their own goals and personal bests. The team has proved what dedication and hard work can accomplish. The following years can only get better as the team continues to grow, and the girls continue to get better.

Above Top: Captain Sarah Wilson sprints with the baton in hand as she gets ready to hand-off to a teammate and win the relay. Relay is a great opportunity to work together as a team and run to victory.

Varsity Boy's Lacrosse

i am... a bro

Before the season started, the Suffield High Boy's Varsity Lacrosse Team was seen as the under-dog. They were not expected to do well because they were a young team with only five senior starters. Against the odds, the Boy's Lacrosse Team did much better than anyone thought. They fought and never gave up. The season started off rough, with a game against Ellington that resulted in a loss of 3-6. Instead of losing hope, the boys became determined to use it as a lesson to come out stronger. The next game was against their rival, Granby Memorial. Their hard work paid off and the game ended with a 10-9 win in over-time. This is just what the boys had wanted. When it was time for the second game against Ellington, captains, Matt Shute, Ryan Johnson and Peter Armata, fired their team up. When the game was over the boys left with a 7-5 win. The Ellington Knights left the Beneski Turf Field in tears. They were on fire for the rest of the season, proving contrary to the critics at the beginning of the season. The 2010 Boy's Lacrosse Season finished a great record of 11-5. These boys demonstrated the meaning of being a strong, determined team on and off the field. These boys can not wait for next season to continue where they left off.

JV Boy's Lacrosse

i am... dedicated

The Boy's Junior Varsity Lacrosse Team had a great time during the 2010 season. With over twenty Freshman trying out for the team, there had to be some cuts. However, they proved that they deserved a place on the team. The JV team welcomed twelve new Freshman. The new players quickly learned the tricks to playing in such a high level arena. The camaraderie of this team was strong, as each individual was treated with respect and value. Coach Mark Cervione had worked the boys hard and taught them that dedication to the sport was the key to a successful season. Commitment was not an issue for the 2010 season. Everyday, practicing on the Ted Beneski Turf Field or inside the track, the boys were playing with heart and working on improving their game. Their impressive over-all season record made it evident that the JV Boy's Lacrosse Team worked hard together, which was the key to its success. This young team proved their talent and skill, and are up-in-coming stars for Suffield Lacrosse. Based on the effort the boys demonstrated, one can only imagine how great the next season will be.

Varsity Girl's Lacrosse

i am... coming back for more

After losing in the first round of the state tournament last year to Greenwich 14-1, these girls were determined to come out in the 2010 season strong and dedicated. With 9 out of 11 starters returning, the team held their heads high. Since the majority of the girls had been playing together for a long time there was immediate chemistry between everyone on the field. For the fourth year in a row, the girls were faced with the same challenge, a new coach. Gia Santaniello took over the roll of head coach with Sue Clark by her side as assistant. It was evident that this dynamic duo dedicated their time and effort to the team. The team would practice and give it thier all for more than two hours after school. This hard work paid off, and their end-of-season record showed it. They made it to the Division 1 state tournament and won the majority of their games proving their hard work and dedication. These girls should be proud of their accomplishments and are looking forward to the 2011 season since they only lost one Senior, Katie Sullivan. This team was composed of many hardworking individuals who gave their all on and off the field. These team stuck together through the good times as well as the bad. In the end, this group of girls really showed what it meant to work as a team and strive towards a common goal. Great job girls!

JV Girl's Lacrosse

i am... lacin'

The JV Girl's Lacrosse Team had a great season considering their unique circumstances. Back in late March when it was time for tryouts, there was a bit of a problem. Only 25 girls tried-out for both Varsity and Junior Varsity. This was not enough for two teams, but too many for one team. After a week of evaluations, the decision was final. Coach Santaniello, Coach Clark, and Coach Majewski decided on having two teams, which meant that most of the athletes would play in both games. This unique situation made for a very tough season, yet each player was ready to prove themselves. Even though these girls had to work twice as hard as they had to in pervious years, their determination and effort was clear. Also, their love of the game was tested. Most athletes do not have to participate on both the Junior Varsity and Varsity teams. Every member had to give all of their effort everyday, or else they would not have been able to compete. They almost always managed to play in the Varsity game and win their own game! "It was exhausting to play in two games, but it was definitely worth it because I improved my game so much," said Nicole Gagnon. This team had a great season and accomplished their goals. These girls are more than ready for next season!

Varsity Baseball

i am... one run away

The Boys Baseball Team had a very tough 2010 season. They had to suffer the loss of many Seniors and were made up of mostly underclassmen. The Varsity team also received two brand new coaches. Mr. Kadamus, who had coached the Junior Varsity Softball Team for three years prior. They also had a new assistant coach in Mr. Wheeler, who had never coached a High School team before. It was much more difficult than anyone could have anticipated for the coaches to adjust to a new team and a different atmosphere. The team ended with a somewhat disappointing record of 3 and 17. On the other hand, the Varsity Baseball Team was led by two graduated Seniors, Matt Schnepf and Will Minch. These two inspired their team to work their hardest and give one hundred percent effort every day, and they will be missed. The team looked up to the fearless leaders as role-models, hoping to be as confident as they were. So, even with the loss of many Seniors the year before, the Baseball team made an amazing effort this season. The new coaches took what was given to them and did an incredible job, considering that it was their first year of coaching the Varsity Baseball Team for both of them. With the talented underclassmen, there is no doubt that the years ahead will be promising for our Suffield High School Varsity Baseball Team.

JV Baseball

i am... safe at the plate

This years Junior Varsity Baseball Team made an incredible step up from last season. Much credit can go to the new coach, Kieth Rakus, who worked them hard in practice, because he knew what the team was capable of. The team as a whole was very grateful to the new coach who made them try their hardest. They also looked up to the new coach, as he is somewhat younger and can relate to the boys. They were indeed capable of winning, finishing off the season with a record of 6-7-1. Although this record does not look extremely impressive at a glance, each game was a fight to the finish. "Being a former member of the Junior Varsity Team, I can honestly say that we have most definetley improved from last year." says the Sophomore outfielder Paul Trzcinski. The team really pulled itself together for an amazing finish. Suffield has a bright future when it comes to our Baseball eam because this year's JV team proved itself capable. The new coach was excited about his first season as head coach and pumped for the ones ahead. Coach Rakus told us, "I loved coaching these boys and I hope that the team will continue to prosper every year." There is no doubt in our minds that the Baseball teams will come out from the shadows in the years ahead.

Varsity Softball

i am... bringing it home

After returning from a winning season, the Lady Wildcats had a lot to live up to. Having only lost two Seniors the previous year, they were ready to come out of the starting gate, hungry for victory. They started off strong with wins against their arch rival, Ellington. The game went into 10 innings and Suffield won with a sacrifice fly by captain Angela Moskwa, scoring center-fielder Julie Muscarella. This amazing win gave the team a huge boost of confidence for the remainder of the season. The team was strong and worked together to be the best team they could be. If it weren't for their incredible unity, they would not have had this remarkable season. The Wildcats ended with a season of 16 and 4. They were led by Angela Moskwa who graduated in June 2010, and will be greatly missed. She was known as "the fearless leader," because even in the most stressful situations Angie never cracked under pressure. There were also other shining stars on the team such as Emily Forzono, Stephanie Fahey, and Julie Muscarella who were All-Conference players. This seasons Varsity Softball Team really gave the school something to cheer for. They were Co-Champions in their Conference, sharing the title with both Granby Memorial and Ellington. They made every game a thrilling one, and always played their hardest.

JV Softball

i am... a whole new team

With over twenty five Freshman trying out for a spot on the Softball team that could only have a maximum of fifteen players, there had to be some cuts. It was a difficult decision for the coaches to make because each and every one of them had amazing talent. The Junior Varsity Softball Team is the youngest in the school's history with only two Sophomores at the time, who primarily led the team. Both Sophie Garber and Sarah Dallaire shared their wisdom and knowledge of the game to the up-in-coming stars. In total, the team was made up of an incredible thirteen Freshman, and only two Sophomores. This team, although full of talent, was very young and inexperienced. Yet, their amazing skills and love of the game brought them more success than anyone could have imagined. They ended with a very impressive record of 9 and 3. Much credit can go to the new coach, Jessica Swetcky. It was her first year as the Junior Varsity Softball coach and had never coached a Suffield sports team before. Coach Swetcky worked them hard everyday with conditioning and drills, which payed off in the end with the majority of their games resulting in wins. This team showed dedication and heart during every game and practice. This just goes to show that Suffield High School has a bright future when it comes to the sport of Softball.

Boys Tennis

i am... serving it up

Some would say that tennis is an easy sport, but the Boys Tennis Team doesn't believe so. They can prove it with their skills and intensity on the courts. The boys work so hard to keep up their game and they have fun while doing so. There is no denying how great they are at a sport in which they are very passionate about. While on the courts the boys seem to be serious athletes and still find time to have fun with their friends. Tennis is a fun experience for all the boys from the first day of the season. During games the boys gave it their all and proved their success through their record. The boys were led by their four former Senior members, Nick Tustin, Shawn King, Brendan Stephen, and Kevin Ho. The team dearly misses the Senior members of the team who graduated and are off at college. With the help of their coach Mr. Janick, they were victorious in many of their games. Their team spirit definitely showed as well as their camaraderie as they cheered one another on. Every day was an experience for the boys whether they were just practicing or playing in the State Tournament. The season ended with 10 wins and 8 losses. The Boys Tennis team worked very hard and they are all very proud of themselves for how great they did. The boys will never forget how much fun they had this season and will continue their success in the years to come.

Girls Tennis

i am... causing a racquet

This year the Girls Tennis Team was very skilled, winning many games. Even when they didn't win their sportsmanship and spirits were very high, and they didn't let losing bring them down. During the matches, they cheered on their teammates and brought each other to victory. Practices were very fun as they improved their skills while playing music. The girls loved spending time with each other and making new friends. It was very sad for the team when they had to see their two beloved former Senior team mates, Katie Zien and Rachel Burnaford, leave at the end of the 2010 season. Even though these former seniors there will be new freshmen members who will make huge contributions in the coming years. The team has gone through many coaches over the years, but the team finally found their dream coach, Coach Clifford. Every year the girls look forward to the springtime so that they can play their favorite sport, tennis. Even though many of the girls play other sports, tennis is by far their favorite and they get to play it with some of their best and closest friends. The season ended with 15 wins and 6 losses. The girls had a great 2010 season and they hope to continue doing well next year. This year will never be forgotten due to how much fun they had and their success.

Boys Golf

i am... takin' a swing

The 2010 golf season was very promising for the Suffield Wildcats. After an incredible 2009 season which featured a win in the NCCC conference tournament and a second place finish in the State Tournament, the golf team prepared for a great season. The golf team was led by their captains and All State players Mike Masso, Dan Banks, and Andy Mai. The golf team was certainly a favorite to contend this year again. The team was rounded off by Will Morris and Connor Beaulieu. The Suffield High School Boys Golf Team plays out of Airways Country Club, but has also been fortunate to schedule many home matches at Crestview C.C. and the Ranch. The boys had many challenges to overcome this spring season. For example, a leader of the team, Dan Banks, had an injury that took him out of playing for a few weeks, but his team mates still pulled through. The boys all had a great time this season, on and off the green. They enjoyed bonding as a team this season especially over dinners at their favorite restaurants. The boys would like to extend their thanks to their official sponsor, Buffalo Wild Wings, where they would unwind after a tense match. The boys ended the season with a record of ten wins and five losses. They are especially looking forward to next season because of the potential of the very talented underclassmen.

Girls Golf

i am... at the final hole

The 2010 Suffield High School Girls Golf Team was led by their only Senior at the time, Anne Treglia, and junior, Kim Mai. Anne was excited for the season, yet upset it was her last. Even as an underclassmen, Kim Mai shared her leadership and knowledge of the sport with her team mates. Hilary Lattanzio and Annie Murphy are great role models for their team. The team is lucky to have Molly Zatony, a first year golfer, as a starting player. The Girls Golf Team held practices and matches at Copperhill Country Club. After quite a struggle in last years tournament, the girls were all ready to improve for the 2010 spring season. Their coach, Mr. Kilby, had many new goals set for the girls and hoped to do well in the tournament. No matter if they won or lost, the girls all felt as if being a part of a team was a bonding experience that they would always be able to look back on and smile. They truly were an amazing team. Girls Golf would like to thank the SHS Booster Club for their generous contributions. Other players on the team include: Hilary Lattanzio, Anne Murphy, Karoline Porcello, Kate Butler, Giovanna Demers, Kim Heyse, and Molly Zatony. They finished off their season with a record of 6 wins, 9 losses, and 1 tie.

i am... starting off fresh

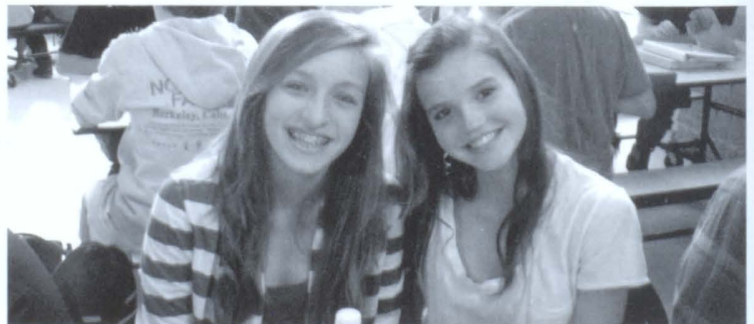

"Freshman year has been pretty good so far. This school has been extremely welcoming."

- Noah Aronson

"It's a lot better than middle school. I like the classes, the students and teachers are nicer, and there aren't any fights."

- Nick Lebron

Do you remember the eerie feeling of not knowing where your first class is? Feeling like you are in a whole new world? Well, that sums up the thought process of a Freshman. One way to calm down before the first day of school is through Wildcat Advisory Group (WAG), who are a group of selected upperclassman that hold the Freshman orientation and help make the freshman feel at home at Suffield High. However, there are also other ways to avoid the stresses that come with Freshman year. The easiest way to relieve this pressure is by joining a club or a sport. Even if you aren't sure if the activities of a particular club may interest you, it is always good to broaden your horizons, try new things, and make new friends. The perfect way to maximize your high school experience is to come out of your shell and do something you wouldn't normally do.

Above Top: This group of girls; have the same lunch, which can often happen. Even though lunch waves are split randomly unlike middle school, when it was by grade, there is still a chance that you will have at least some of your friends in the same lunch.

Above Bottom: Good friends Maria Porcello and Alexis Ofsuryk enjoy freshman year and happened to both be on the volleyball team during the fall. High school has many opportunities to be a part of a team and these girls definitely took advantage of the opportunity.

Above: These boys are eager to go through their four years of high school with ease. There are many different clubs and organizations offered that help many freshman get connected with a variety of different people here at SHS.

A word from...

Philip Attanasio

"I play football and even though it's not quite what I expected, it is still fun. When I get out of high school I am hoping to join the air force."

Jeanie Kim

"I love playing sports because it is a chance to make new friends. I hope to make Varsity my next three years here."

Below: Friends, Michele D'Agata and Olivia Raum enjoy having the same lunch together and they both share the love of sports seeing as Michele plays soccer and Olivia plays field hockey.

Above: Jaime Stephen and Noah Roy are glad to be friends, going through freshman year together. It is always a good thing to know that you have your best buds by your side through the many ups and downs of high school.

Left: The Freshman gym classes are in the midst of playing floor hockey. This is just one of the awesome sports that is available as part of the curriculum. Christopher Adams seems to be having fun playing goalie. This position is not as easy as it looks! Gym class is a great chance for the freshman to explore new sports and learn sportsmanship. Often times the gym classes are quite large so there will always be someone you know, which helps take off a little of the added stress of being in a new school.

Left: Sophomore, Liam Beecher, who went to the Big E along with the rest of the Suffield High School Band. The Big E trip is something that the band goes on every year and it is a very memorable event. Joining band is a fun way to be creative and be able to go places with your friends.

Above: Suffield High School's Earth Club made great efforts to turn our school into a "green" school. Their strides in being environmentally friendly won them a contest. The contest was called Live Green Win Green and it was held by Connecticut Light & Power. They won \$20,000 that would be used to help continue to turn our school into an environmentally friendly school. Last Spring when Cool Schools, a segment on Channel 3 News, came to our school this was one of the reasons why our school was "cool". In this picture, members of the Earth Club, Bruce MacKay, Megan Walsh, and Greg Paquette, show off their proud accomplishment with their prize check.

Left: The Suffield High School cheerleaders are a fun group of girls who have tons of spirit and love to show it. Cheerleading is a new club/sport at Suffield. Cheerleading comes and goes here at our High School but whenever it does, it comes back in big ways.

Clubs - Why our School is Cool

i am... getting involved

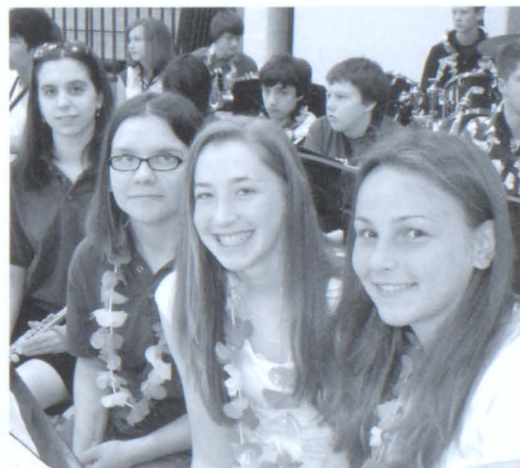

At the end of the day, when most people are leaving to go home or to go hang out with friends, a few dedicated individuals are taking part in after school clubs. Clubs like Best Buddies, Giraffe Club, and National Honor Society, take time to help the community by donating time and raising money. Students take time out of their busy schedules of jobs, homework, and studying to participate in clubs. Clubs are a place where you can meet new friends and get involved. Clubs like, Art Club, Drama Club, and Camerata are a place where you can meet people with similar interests and skills as they do. Art Club is a place that you can work on something you love to do like painting and working with clay, while hanging out with people who also love art. Suffield High School has a wide range of clubs that suit the diverse types of students in our school. Giraffe Club is a group of kids who go out of their way to volunteer for local causes like raking leaves and washing windows for the elderly. Every year new clubs are introduced to the school and many of them get an overwhelming amount of students who want to join. Whether you love singing, enjoy art, or just really love helping out your community, clubs are a great opportunity to get involved with your school. Every year, you should try something different, whether its joking a new club or just meeting new people.

Left: Junior, Kyle Tseka, with the ACES High Robotics team's robot. The Robotics team has always been very successful, they win many of the tournaments that they enter with their robots. A lot of skill, knowledge, and precision is needed when building a robot, it is a long process and these students should be commended for their hard work. Being on the Robotics team is no small feat, it requires long hours working on the circuits and and worrying about whether or not all the hard work is going to pay off in the end.

Our Wish For You, Brenna
We love you! Mom, Dad, Meredith and Mika

We hope the days come easy and the moments pass slow
And each road leads you where you want to go
And if you're faced with the choice and you have to choose
We hope you choose the one that means the most to you
Our wish for you, is that this life becomes all that you want it to
Your dreams stay big, your worries stay small
You never need to carry more than you can hold
And while you're out there gettin' where you're gettin' to
We hope you know somebody loves you, and wants the same things too
